**YOU HAVE BEEN REFERRED TO A PERIODONTIST:**

Your dentist has referred you to our periodontal office because they are concerned about you. Periodontists are dentists who specialize in the prevention of tooth loss and the elimination of dental infections. Periodontists are also specially trained in dental implants to replace damaged and missing teeth. Your dentist feels that the advanced treatments provided by a periodontist would be best for you. Additional years of training beyond dental school allows our office to provide you with the special treatments necessary to help save your teeth.

**WHAT TO EXPECT:**

Your first appointment will likely consist of a thorough examination and explanation of your current condition. Following this, we will work with you in developing a program that helps you preserve your teeth.

Patient Name \_\_\_\_\_  
 Referring Dr. \_\_\_\_\_ Date \_\_\_\_\_  
 Patient Number \_\_\_\_\_ DOB \_\_\_\_\_  
 Appointment With \_\_\_\_\_  
 Appointment On \_\_\_\_\_  
 Time \_\_\_\_\_
